Experience

AlphaRithm AI

Software Developer and Web Scraper Specialist
November 2023 - Present (2 years 7 months)
United States

Developed FastAPI-based backend services and REST APIs, built an LLM-powered conversational platform with OpenAI and Chainlit (Socket.IO), engineered automated web scraping pipelines (Scrapy, Playwright, Selenium) for real estate data (Zillow, Zumper, Craigslist) saving 40+ hours weekly, and deployed containerized (Docker) applications on AWS with data validation pipelines achieving 99.9% accuracy.

PeoplePerHour

Python Developer and Web Scraper
August 2021 - Present (4 years 10 months)
Chattogram, Bangladesh

Developed Python-based automation and web scraping solutions using Scrapy, Selenium, Playwright, and BeautifulSoup, built REST APIs and data processing pipelines, and independently delivered high-quality projects with strong client satisfaction and repeat engagements.

Upwork

Python Developer & Web Scraper

August 2021 - June 2025 (3 years 11 months)

Chattogram, Bangladesh

Developed Python-based automation and web scraping solutions using Scrapy, Selenium, Playwright, and BeautifulSoup, built REST APIs and data processing pipelines, and independently delivered high-quality projects with strong client satisfaction and repeat engagements.

AleMS

Django Developer

January 2022 - March 2024 (2 years 3 months)

Dubai, United Arab Emirates

Developed a multi-tenant backend using Django Channels (cutting infrastructure costs by 30%), migrated and managed 15+ client databases with strong data integrity, built secure REST APIs with DRF, implemented asynchronous processing via Celery, and enhanced Django Admin with Swagger/OpenAPI for improved efficiency and maintainability.

Cimplux

Junior Software Engineer

February 2019 - January 2021 (2 years)

Dhaka, Bangladesh

Contributed to backend development using Django REST APIs, supported frontend development with React.js, and improved team efficiency through Agile collaboration.

TECTONIX LIMITED

Web Developer

August 2018 - January 2019 (6 months)

Dhaka, Bangladesh

Contributed to backend development using Django REST APIs, supported frontend development with React.js, and improved team efficiency through Agile collaboration.

Education

National University | Bangladesh

Master's degree, Physics · (2015 - 2016)
